1. Our Commitment to Child Safety

CLPSS USA is committed to providing a safe, respectful, and welcoming environment for all members of our community, especially children and minors.

We have zero tolerance for Child Sexual Abuse and Exploitation (CSAE), Child Sexual Abuse Material (CSAM), grooming, child trafficking, sexual exploitation, or any behavior that endangers children.

These standards apply to all users, members, administrators, moderators, volunteers, and other individuals who interact through CLPSS digital platforms and community services.

Our commitment is to protect children, prevent abuse and exploitation, respond promptly to safety concerns, and comply with applicable child protection laws and regulations.

2. Prohibition of Child Sexual Abuse and Exploitation (CSAE)

CLPSS strictly prohibits any activity involving the sexual abuse, exploitation, or endangerment of children.

The following activities are prohibited:

- Creating, uploading, sharing, distributing, requesting, or possessing Child Sexual Abuse Material (CSAM).
- Grooming, soliciting, or attempting to engage minors in sexually inappropriate conversations or activities.
- Sexual exploitation, trafficking, sextortion, or coercion involving children.
- Sharing sexualized images, videos, or other inappropriate content involving minors.
- Using CLPSS platforms to contact, manipulate, threaten, or exploit children for sexual purposes.
- Encouraging, promoting, facilitating, or participating in any form of child abuse or exploitation.

Any user found engaging in such activities may have their account suspended or permanently terminated. Content violating these standards will be restricted or removed as appropriate, and serious matters may be referred to the appropriate authorities.

3. Reporting Child Safety Concerns

CLPSS encourages members, parents, guardians, and community members to report any suspected child abuse, exploitation, inappropriate behavior, or child safety concern.

How to report:

1. **By Email:** Reports can be submitted to our designated child safety contact at contact@clpss.org, with the subject line "URGENT – Child Safety Concern."
2. **Through CLPSS Administration:** Users may also contact CLPSS USA administrators to report concerns requiring attention.

When submitting a report, please provide relevant information, such as the nature of the concern, the username or account involved, relevant dates, and any available links or identifying details.

Please do not download, forward, or redistribute suspected child sexual abuse material as evidence.

Immediate danger: If a child is in immediate danger, contact local law enforcement or emergency services immediately. Do not wait for a response from CLPSS.

In the United States, suspected online child sexual exploitation can also be reported directly to the National Center for Missing & Exploited Children (NCMEC) through its CyberTipline:

https://report.cybertip.org/

4. How CLPSS Handles and Responds to Reports

CLPSS takes all child safety reports seriously and will review reported concerns as promptly as reasonably possible.

Our response process includes:

Step 1 – Receiving the Report

Reports received through the application, email, or CLPSS administration will be directed to the designated child safety contact or responsible administrator.

Step 2 – Reviewing the Concern

The responsible team will assess the information provided, determine the nature and seriousness of the concern, and identify any immediate risks to a child.

Step 3 – Taking Appropriate Action

Depending on the circumstances, CLPSS may:

- Remove or restrict access to violating content.
- Suspend or permanently disable accounts involved in violations.
- Restrict communication or other platform access where necessary.
- Preserve relevant account and report information securely, as appropriate and legally permitted.
- Escalate serious or confirmed cases to appropriate law enforcement or child protection authorities.

Step 4 – Reporting to Authorities

Where required by applicable law, confirmed CSAM and other reportable child exploitation concerns will be referred to NCMEC or the appropriate regional authority.

Step 5 – Follow-Up and Prevention

CLPSS will review reported incidents, take appropriate corrective action, and consider improvements to its safety procedures to help prevent similar incidents.

CLPSS will handle reports confidentially to the extent reasonably possible and permitted by law. We will not tolerate retaliation against anyone who reports a child safety concern in good faith.

CLPSS USA is committed to complying with applicable federal, state, and international child safety and child protection laws and regulations.

Our commitment includes:

- Prohibiting child sexual abuse and exploitation across our digital platforms.
